Service Animal Guidelines

Animal under handler's control. A service animal shall be under the control of its handler. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means). (28 C.F.R § 36.302(c)(4))

A public accommodation may ask an individual with a disability to remove a service animal from the premises if:

- (i) The animal is out of control and the animal's handler does not take effective action to control it; or
- (ii) The animal is not housebroken.
